Harvey Dent is the new face of Gotham City justice. A Harvard Law graduate, Dent has extensively studied the criminal mind and the laws that govern this wonderful country. Bringing GOTHAM to Justice

Dent's Plan to End Organized Crime:

With Harvey Dent as our new District Attorney, there is nothing we can't do. Already Dent has brought to justice the dirty cops working for the mob, the crazed villains wearing masks, and many more potentially dangerous criminals.

Harvey Dent has also personally seen to it that The Scarecrow stays locked up in Arkham Asylum for as long as it takes to rehabilitate him. Harvey Dent also publicly praises THE BATMAN for his work against organized crime, and has arranged his entire campaign to support Gotham's Dark Knight.

While at INTERNAL AFFAIRS, Harvey Dent has successfully removed 75% of all dirty cops. His work included backing Lieutenant Gordon on various cases involving the crazed Dr. Johnathon Crane (a.k.a. The Scarecrow)...

- **Attack the Heart of Organized Crime**
- **Stand Firm in the Face of Danger**
- **Never Take any Bribes from Anyone**
- **Work with THE BATMAN, to bring down Maroni and his Mob...**

Harvey Dent also leads the hunt against Gotham mob boss Sal Maroni. After putting dozens of Maroni's men behind bars, Dent is finally ready to take down the big boss himself....
